

PIASC 21st Annual

PAPER & SUBSTRATE SHOW

Join us for a day of honoring our beloved... papers! We'll welcome the spirits of long lost sample books with an *ofrenda* (altar) that pays tribute to the difficult task of selecting stock. We'll eat, drink and make memories to celebrate the wonderful cover, text, book, linen, vellum, felt and even smooth papers of our time. To set the spirited mood, the room will be decorated with *calaveras de azúcar* (sugar skulls), and of course *papel picado* (meticulously made paper art).

All that's left to prepare for your *Día de los Papers* celebration is to register now for PIASC's 21st Annual Paper & Substrate Show. From the latest substrates to the coolest samples, this is your chance to experience and share your life-affirming joy of paper.
