Things to Know About The 2018 SCAQMD Emissions Reporting

About the Speaker

Kevin F. Eshraghi, President,
Abate Technologies International, Inc.

Kevin has over 31 years of environmental and regulatory experience as an engineer for the South Coast Air Quality Management District, and later on as the founder and president of ATI. As a Certified Permitting Professional (CPP) with the AQMD, he has successfully helped companies obtain permits for various types of equipment. He has prepared well over 1000 Annual Emissions Reports on behalf of clients during the past 25 years at ATI.

He has been working with printing operations for almost three decades and ATI has a number of large and small printers amongst its clients.

Wednesday, February 20, 2019
11:00am – 11:45am PST
FREE FOR MEMBERS

The South Coast Air Quality Management District's (SCAQMD's) Annual Emission Reporting (AER) program was developed to track emissions of air contaminants from permitted facilities. Don't miss this informative webinar where you will learn:

- Basics of the AER program.
- What are the inclusion criteria? What are the filing requirements/ thresholds?
- Information gathering for the report.
- Links to the AQMD and AER on line reporting tool.
- Types of emissions to report.
- Associated fees based on emission levels.
- Filing deadline.
- And more.

Don't miss this FREE member webinar!
Log in and be prepared to ask questions.
