

# DO YOU HAVE THE PROPER SCAQMD PERMITS

A man with dark hair and a beard is looking directly at the camera. He is holding a white rectangular sign in front of his chest. The sign has the text "FOR YOUR EQUIPMENT?" written on it in bold, black, sans-serif capital letters. The background behind him is a solid light yellow color.

**FOR YOUR  
EQUIPMENT?**

WEDNESDAY, OCTOBER 16, 2019 • 2:00 PM – 3:00 PM PDT • **FREE FOR MEMBERS**

## **Got printing equipment in Southern California?**

Unless your facility qualifies under a special rule that primarily exempts those with very low usage of inks and solvents, you must comply with the South Coast Air Quality Management District's (SCAQMD's) permitting requirements. Permits are required for both printing equipment and corresponding air pollution control equipment. Affected facilities are those that operate in the region that is under the SCAQMD's jurisdiction: Los Angeles, Orange and Riverside Counties, as well as parts of San Bernardino County.

In this webinar Kevin F. Eshraghi, President of Abate Technologies International, Inc. will cover all the details on the printing equipment permitting process, including:

- How do I know if my facility is exempt from the permitting requirements?
- What forms do I need to fill out, and how exactly do I do so?
- How do I calculate the fees?
- What are the penalties for getting this wrong?
- What are the applicable rules and regulations?
- And more...

## **About the Speaker**

### **Kevin F. Eshraghi, President**

Abate Technologies International, Inc.

Kevin has over 32 years of environmental and regulatory experience, first as an engineer for the South Coast Air Quality Management District, and then as the founder and president of Abate Technologies International, Inc. (ATI). As a Certified Permitting Professional (CPP) with the AQMD, he has successfully helped companies obtain permits for various types of equipment. In fact, during the past 26 years Kevin has prepared well over 1,000 Annual Emissions Reports on behalf of ATI clients.

Kevin has been working with printing operations for almost three decades and ATI has a number of large and small printers amongst its clients.
